The Seattle Boat show is THE place to make your fishing plans for 2012: to learn How To, When To and Where To go fishing and crabbing from some of the best in the Northwest.

What: Fishing Seminars at the 65th Annual Seattle Boat Show

When: Friday, January 27 – Sunday, February 05, 2012

Seminars: There are more than **200 free seminars** during the 10 days of the show including **65 free fishing and crabbing seminars**. No other show in North America matches the Seattle seminar schedule in terms of the quality, variety and volume of seminars offered. Visit www.seattleboatshow.com for a complete listing of all seminars.

Of particular note this year is Tom Ohaus. A nationally recognized outdoor writer and Sitka fishing guide, Tom will give tremendous presentations to teach anglers how to improve their fishing skills for salmon, halibut, lingcod and rockfish. "He is hands down, the most cerebral speaker on the circuit and we are excited he has joined the Seattle Boat Show fishing seminar team," says Tony Floor, Director of Fishing Affairs for the Northwest Marine Trade Association. "He understands how fish think, their life histories and diet. A must-see at the Seattle Boat Show for all anglers.
